Council Sets \$1.48 Rate on Taxes Monday

Permits Construction of Sewer at Large Saving

Announcing that the figures given out last week were but "tentative," the City Council set the tax rate for the next year at \$1.48 at its Monday night session. This is a five-cent increase, instead of the 12-cent one revealed previously.

The reduction was made by paring down the general fund seven cents, it was revealed. No changes in the announced line-up of salary increases in the Fire and Police Departments are contemplated, and plans for the purchase of two cars for the latter will be carried out.

The five-cent jump in tax rate is ascribed to construction of the new storm sewer on Portland Avenue and is expected to swell the revenue to \$104,102.31 during the next year.

CLAIM SAVING

The sewer is to be built at a total cost of \$13,500, plans disclose. Of this amount Albany will pay \$4900, a similar amount will come from the quarter-cent gas tax fund, and Berkeley will put in \$3700. If an assessment district were set up, the council pointed out, the entire cost of the project would have to be borne by residents of the district and would, with interest and other expenses, run to nearly double that figure. "It isn't fair!" stated Carl Neipper, local realtor, referring to this method of paying for the sewer. He went on to say that he didn't think that the entire City should pay for improvements in a particular section.

Disapproval was also voiced by Fred Whitmore, former mayor. He pointed out that construction of the sewer on Santa Fe Avenue had been paid for by assessing residents of the district and asked if it was to be the council's future policy to have similar projects paid for by the taxpayers of the City at large.

Mayor O. C. Yenne and Councilman Vincent Hanahan replied in the affirmative, while Councilman George Batchelder said that his policy would be the same under similar conditions.

TO BUY TRUCK

Authorization to purchase a panel delivery truck for the use of A. F. Peters, humane officer, was moved by Councilman Batchelder, seconded by Councilman Hanahan. The auto will cost \$225 and is to be secured from the Murphy Chevrolet Company.

City Attorney C. N. Lavers reported that because of the illness of Irving Liner, attorney for residents protesting the Solano Avenue rezoning, a hearing would be held next Monday night on the plan.

Rezoning of property owned by West Coast Manufacturing Company and du Pont de Nemours and Company in the western part of the City was deferred at attorneys for the two firms.

A letter from Judge Louis J. Hardie asked that the City Attorney see about a change in the local charter to permit this city to retain fines collected for traffic violations on the East Shore Highway. Although Berkeley and Emeryville are now turning in these receipts to the county, Oakland is able to use this revenue because of a provision in its charter. A report is to be ready on this suggestion at the next meeting, the council moved.

ACQUIRE PROPERTY

The City Attorney was also instructed to take steps toward the acquisition of property at the northeast corner of Solano and Cleveland Avenues. Land needed here to "round off," this approach to the overpass will be decided to the city, it was said. Cost of the transaction will be paid from an

Hickman Case Is Dismissed

On motion of Assistant District Attorney J. Frank Coakley to dismiss the second charge against George W. Hickman, former Albany city judge, on the grounds that the evidence in the case was similar to that already heard in the first trial and that it would only be a repetition, Superior Judge Lincoln S. Church granted the request Tuesday.

This particular case came up several times and in each instance the District Attorney was not ready to go to trial and asked for a delay.

The first case is already on file in the Appellate Court and, according to the attorney in charge, stands a good chance of a favorable decision. This reversal would automatically free Hickman and restore him to his former status as an attorney.

Radio Brings Swift Return Of Man's Car

The efficiency of local police departments is receiving high praise today from Oliver A. Nelson, hardware dealer of 977 San Pablo Avenue.

Nelson's sedan was stolen from in front of his store Wednesday night and was returned to him a few minutes after he had reported the theft to the Albany police department.

In the meantime Officer Howard Thulin of El Cerrito had arrested C. W. Weable, 39, for speeding in that city. While questioning him a radio report on the stolen car was received. The policeman then placed Weable in jail and notified local officers.

According to records the arrested man served a year in the county jail in 1935 for drunken driving in a stolen car and later served a 50-day sentence there in connection with a second auto theft. Weable, who lives at 2729 Melrose Avenue, Oakland, will appear before Judge L. J. Hardie Wednesday night.

New Chapel Bids Public Welcome to Sunday Services

A cordial invitation to all Episcopalians and others who may be interested, is issued by St. Alban's Chapel to attend the morning prayer service each Sunday at 11 o'clock.

Formerly located in Thousand Oaks Masonic Temple, this organization is now occupying the building at 1489 Solano Avenue. The new quarters have recently been transformed into a chapel of dignity and distinction to serve the people of this community.

Rev. Harvey Loy, rector, will speak this Sunday on, "Am I One, Too?" Music will be offered by a vested choir.

Mrs. K. Giblin of 842 Masonic Avenue returned last week-end from a vacation at Fort Bragg.

allocation of the State gas tax fund, as will the future widening and lighting of Solano Avenue, the council announced.

Permission was granted Fire Chief Carl Ahlgren to leave on August 8 to attend the Fire Chief's Convention in Spokane. He was allowed one week's absence and \$110 for expenses. The session will be held from August 11 to 14.

At the motion of Councilman Frank Hays, the City Attorney was instructed to proceed with the ordinance rezoning property fronting on the Santa Fe tracks north of Brighton Avenue to first class residential. This action was passed by the council several weeks ago in response to the requests of property owners in the vicinity.

Albany Miss to Appear on KGO Sunday Night

Carrying the fame of Albany to thousands of listeners, Blanch Regalia, 11-year-old local pianist, will appear Sunday night on KGO at 7:15 o'clock, it is announced.

The young performer will take part in an amateur contest being conducted by Benny Walker, famed NBC master of ceremonies and star.

If past performance is any criterion, Blanch should sweep the field in the radio competition. She was enthusiastically chosen for first honors last December in the amateur contest conducted by Albany Tent of the Macabees.

She is a student of Mrs. E. J. Maria Pausch of this city and lives at 974 Talbot Avenue.

Berkeley Man Ends Life on Albany Hill

Finding the hanging body of a man on Albany Hill shortly after noon yesterday, Crom Boam, a deaf mute, hurried to Police Sergeant Charles Hardie and hastily wrote out the news of his startling discovery.

The officer returned to the summit of the hill with Boam to find the body of Frank A. Heikka, 36, 1526 Milvia Street, Berkeley. The man had been dead for several hours, his appearance showed. Suicide had been accomplished by means of a necktie looped over a low-hanging branch.

Found some distance from the scene was a parked and locked sedan whose presence had been reported to police early yesterday morning. A check-up of the license number with Motor Vehicle Department records tallied with identification papers found on the body.

At the Berkeley office of the Edward E. Niehaus and Company, deputy coroner, a note was found to Heikka's estranged wife, now living in Sacramento. The letter said:

"If anything happens to me, you will find the car behind the Ritz. Aurora, I'm terribly sorry but just couldn't make it. I've always loved you. Frank"

Heikka was employed as a brakeman for the Southern Pacific Company in Oakland and had recently separated from his wife. There are no children.

The discoverer of the tragedy, Boam, lives at 1007 Evelyn Avenue.

Growth of Club For Mothers of Scouts Is Told

A movement which originated in Albany and has spread as far as Fresno was discussed by the president of the original Scouting Mothers Club of Troop No. 46, Mrs. Mary Murray, when she addressed the members of Scouting Mothers of Troop No. 45, at Mrs. H. G. Johansen's residence, 720 Adams Street, last Monday evening.

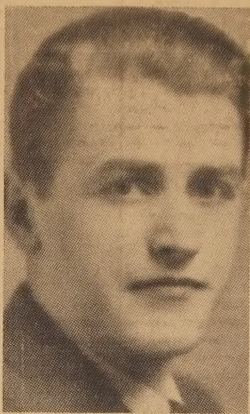

Her contacts with the Boy Scout Council and the benefits the Boy Scouts were deriving from the cooperation of the mothers' organizations were two of the subjects she stressed. H. G. Johansen, committeeman of Troop No. 45 also discussed scouting.

Plans were then made by members of Troop No. 45 for a telephone whist which will be given Saturday evening, August 14, at 8 o'clock. Score cards will cost 25 cents.

Those wishing to attend should make reservations with one of the following three hostesses: Mrs. Mae Rutan, 929 Adams Street; Mrs. L. K. Donato, 1612 Curtis Street; or Mrs. George Vochatzer, 1332 Marin Avenue.

Following the meeting, refreshments were served.

ART TEACHER

In charge of the arts and crafts guild to open at the new Recreation Center on August 27, will be Vernon B. Smith. Free classes in puppetry and other art subjects will be directed by him.

Arts, Crafts Class Opens On August 27

Formation of an arts and crafts guild in the Recreation Center soon to be opened here, was announced this week by the Recreation Department. In charge is to be Vernon B. Smith, it is said.

In the new quarters on Masonic and Solano Avenues, scheduled to open to the public on August 27, Smith will direct classes in block printing, screen process printing, charcoal drawing, puppetry and other subjects. These courses will be offered without charge, according to Superintendent Thomas L. Farnsworth.

Smith is a former instructor of art at the University of California and the California College of Arts and Crafts and is an acknowledged authority on puppetry. He was named director of the recently founded National Association of Puppetry Education, highly endorsed by East Bay educators and recreational leaders, including N. C. Buckhart, Arthur Kirkpatrick, F. H. Meyer, T. L. Farnsworth and Vierlin Kersey.

The latter, who was formerly Superintendent of Public Instruction of the State Department of Education, has stated, "We are of the opinion that it will be valuable as an educational aid for the schools of the State."

Safety Group Meets Tonight

The importance of good vision for traffic safety will be discussed by an authority this evening before members of the Albany Traffic Safety Commission at the meeting to be held at Wimpy's, according to Mrs. Lela Brunstein, secretary, when Dr. A. R. Reinke, Oakland optometrist, makes his appearance.

The meeting will be called to order at 6:30 p. m. by President A. L. Ford.

Among the other business to be considered will be the final announcement of the ratings of the membership teams captained by A. F. Lemes and Walter Teasdale. As the losing team is pledged to buy a dinner for the winner, interest has mounted high as to the final outcome of the recent drive for new members.

Ladies Aid to Meet Thursday

Many subjects of importance will come up for discussion at the regular monthly meeting of the Grace Lutheran Church Ladies Aid which will be held on Thursday afternoon, August 12, at 2 o'clock at the Memorial Building, according to Mrs. Clara Hanson, president, who urges all members to be present.

Picnic Canceled Due to Illness Of Mrs. J. Villa

Because of the serious illness of Mrs. Opal Villa, wife of the president of the Men's Breakfast Club, the picnic and outing planned for next Sunday in Lake County has been indefinitely postponed, announced Neil Crowley Wednesday night.

The affair was to have been held at "Black Oak Villa," owned by Mrs. Rose Villa, wife of the local grocer as the annual gathering of the Men's and Women's Breakfast Clubs of Albany.

Mrs. Villa was, until her illness, an active member of the latter group and was serving on the committee in charge of arrangements.

Rash Drivers Face Penalty, Judge Warns

Reckless driving charges in this city, where the defendant has been drinking, will bring a minimum fine of \$50, Judge Louis J. Hardie firmly announced in police court last Wednesday night.

First to feel this newly announced policy was Frank Mowbray of Oakland, arrested on July 23 by Officer Frank Davis. The officer had received a warning by radio that the man had been seen driving erratically at University and San Pablo Avenues, Berkeley, and sighted him as he passed the intersection of Solano Avenue with the latter street.

Mowbray, while not apparently intoxicated enough to be arrested for drunken driving, had been drinking enough to drive unsafely, the officer testified. A \$50 fine was levied after his plea of guilty.

Herbert C. Houghton, of Berkeley, was driving south on San Pablo in a reckless manner on July 10, according to Officer Harry Stevenson, and had swerved across the center line of the street several times before his arrest. Admitting that he had been drinking, Houghton pleaded guilty and agreed to pay a \$50 fine in three installments, beginning September 1.

The judge also ordered that a warrant be issued for the arrest of Michael E. Webb, 1250 34th Avenue, Oakland, who was apprehended here on May 2 for drunken driving. In a later appearance in court, he had promised to pay a fine of \$100 but has not done so.

On hearing that Harvey D. Reiner, of Rio Vista, had journeyed here for the sole purpose of appearing on a charge of violating the local traffic signals, the judge announced that he would find him guilty but would suspend judgment.

George E. Freitas, of Richmond, was fined \$5 and sentenced to attend the Richmond traffic school for speeding 50 miles an hour at 2:15 a. m. on July 28. Officer John Viarengo made the arrest.

Women's Club Has Meeting Sunday

Forty members of the Women's Breakfast Club gathered last Sunday at Opal's Dairy Bar for their regular meeting under the direction of Dr. Jane Paxson, president of the group.

With Mrs. Dorothy Bruce, Mrs. Grace Higgins and Mrs. Beatrice Raymond supervising production of the breakfast, members were treated to a delicious menu that included fried chicken and other tasty items.

The members voted to send a bouquet and a letter of sympathy to Mrs. Opal Villa, who was to have been their hostess but was ill. Plans for the annual picnic, cancelled later, were also discussed. Mrs. Alden Thorogood, 842 Cornell Avenue, and Mrs. H. Larsen, 1049 Pomona Avenue, were accepted as new members and greeted by those present.

Mrs. O. Villa Is Improved

That Mrs. Opal Villa, local business woman who is seriously ill with pneumonia, is "holding her own," is the encouraging report received last night from Dr. Douglas Ream, physician in attendance.

She has been confined to her home at 986 Kains Avenue since last week when she suffered an attack of pleurisy. This developed into the more serious ailment and it became necessary Wednesday afternoon to administer oxygen, which treatment is still being continued.

AIMS OF THE PAPER

These columns will always support any movement designed to bring about the development of the City of Albany and the building of this "City of Homes."

A Federal charter has just been issued to the Albany Federal Savings and Loan Association, formerly the Albany Guarantee Buildings and Loan Association, by the Federal Home Loan Bank Board, according to Cyril C. Lotz, secretary.

Conversion from a state-chartered to a Federally-chartered association was effected under provisions of the Home Owners' Loan Act, passed by Congress on June 13, 1933, and statutes of the State of California. The conversion procedure has been under way for some time, according to Lotz, and news of its completion is most welcome to the directors, and to the members and other sponsors and endorsers of the new Federalized savings and loan institution.

This is the first Federal savings and loan association to be chartered in Albany. There are more than 1,500 such associations throughout the United States, and seventy-three in the Twelfth Federal District, comprising California, Arizona, Nevada and Hawaii.

LONG CONSIDERATION

Lotz, when interviewed today, reported that his officers and directors had given long and serious consideration to the advisability of converting to a Federal savings and loan association, and they are indeed happy to be the first to offer to the citizens of Albany and vicinity, the advantages and facilities of such a savings institution.

Federal and State statute provisions enable state-chartered associations to continue uninterrupted operation of the institution after conversion, but as a Federal savings and loan association these operations are conducted pursuant to rules and regulations and under the jurisdiction of the Federal Home Loan Bank Board.

Safety of principal of accounts of investors in Federal Savings and Loan Associations are insured up to \$5,000 each by the Federal Savings and Loan Insurance Corporation, a \$100,000,000 instrumentality of the United States Government.

PLAN MEETING

The local man also stated that a meeting of the shareholders of the association will be held in the near future, at which officers and directors will be elected. A strong directorate of prominent business and professional men of Albany and vicinity is planned, which will further strengthen the position of the local institution.

Lotz further stated that he desired to express publicly his appreciation to the following members of the association, and to the other persons and civic bodies of Albany and its vicinity, for their aid, support and endorsement, which resulted in the securing of the Federal charter: H. W. Brewer, Lisle C. Green, Beatrice Raymond, George Schafer, Dr. M. J. Lacey, H. I. Dygert, Drs. M. J. and L. Walter, Grace L. Higgins, Eva Davis Burns, Freda Brown, Jack Brown, John Carrick, W. L. Holland, Walter Reardon, Frank S. Corey, A. Severy, John E. Barnes, Thomas Scott Neilson, George W. Foster, Frederick L. Gil-Confer, Louis R. Ayres, Lee Keating, C. N. Lavers, Walter E. Teasdale, O. Nelson, John Glavinovich, L. R. Brooks, Carlo Carlevaro, May E. Ellis, A. P. Hill, the Albany Chamber of Commerce, the Albany Y. M. C. A., and the Albany Women's Breakfast Club.

SOCIETY NEWS

Beautiful Gowns Are Feature of Installation

Many lovely gowns were in evidence at the installation ceremonies of Albany Parlor No. 260, N.D.G.W. held at the Maccabee Temple on Wednesday evening, July 28.

One of the most charming was the white taffeta empire gown with tight bodice, full skirt and off-the-shoulders neckline supported by red velvet straps worn by Mrs. Hazlett Taylor with matching taffeta muffs, on which were pinned two orchids, and complimented by silver slippers and bag.

White was also chosen by Mrs. Marie Hays and Mrs. Margaret Cannon for their frocks. The former's was of satin, simply made with a bouffant skirt and the latter's was of organza with red embroidered polka dots and red binding on the sleeves and the ruffle at the bottom of the skirt.

Black chiffon was the becoming selection of Mrs. Eva Peterson and was set off by a fuchsia shaded sash while Miss Jane Read's black flat crepe was enhanced by a white moire jacket with leg of mutton sleeves.

Another color which vied for popularity was pink. This was worn by Miss Grace Higgins and Miss Antoinette Stallone. The former wore a chiffon formal with a full accordion pleated skirt, matching sash, rhinestone buckle and contrasting turquoise blue pumps. Miss Stallone's ensemble was of a hydrangea shade in net over matching satin made with full skirt, tight sleeves and matching jacket.

The new shade of Wallis blue was Miss Althea Hart's choice. Her frock was of lace over taffeta with puffed sleeves and flat collar and set off with pink sash and gold slippers. Mrs. Grace Higgins' dress was also of blue, but in a deeper shade, with white polka dots and made of organza.

Apricot proved another favorite. Mrs. Evelyn Ball wore it in a lace gown made with puffed sleeves and full skirt. It was also worn by Mrs. Isabelle Dias whose net over satin was trimmed with a blue velvet insertion in the skirt flounce.

Other dresses which stood out in the kaleidoscopic assemblage were the pink organza over blue satin worn by Mrs. Mae Rutan, the pale green crepe on Mrs. Marie Vargas, Mrs. Daisy Olafsen's Alice blue printed crepe, the flowered taffeta on Mrs. Sue Irwin, and the hunter's green worn by Mrs. Wemple Staples. The latter dress was patterned with long pleated sleeves and set off with gold slippers.

Bachelors Trim Benedicts Sunday

Sending local sales of liniment, arnica and rubbing alcohol to new highs that night, the Married Men of this city vainly tried to "come back" as baseball players last Sunday at University Park, but found the going too much for long unused muscles and tendons.

As the affray ended, with the 16-4 game jauntily pilfered by the Single Men, the couple of hundred spectators left the stands more firmly convinced than ever that a contest between Youth and Age invariably ends in the favor of the former.

Manager Joe DeMaria of the winners also hurled a bewildering display of queerly behaving baseballs before the tired eyes of the "oldsters." The first four innings saw Abe Lemes on the mound for the losers, with John Viarengo, local cop, occupying the hill position during the balance of the afternoon.

In spite of the exhortations of Manager "Chuck" Terry, the benedicts found themselves outclassed from the beginning of the contest. Added pleas from their helpmates and offering in the bleachers also proved insufficient to overcome the handicap of years.

Even with Mayor O. C. Yenne playing rightfield for three innings, (and, incidentally, allowing several drives to pass without touching the mayoral mitt) the rout continued.

To be perfectly truthful about the whole thing, however, the Single Men did have Art Eppson to hammer out two home runs and several long hits, and such other capable striplings as the following: J. Sola, catcher; F. Gherlone, first base; M. Gherlone, shortstop; Joe Nora, third base; L. Nora, centerfield; M. Leimone, leftfield; and E. Matthews and T. Mazzuca, alternating in rightfield.

Other members of the overwhelmed squad were F. Bernadon, R. Matthews, Jake Nora, W. Eppson, G. Jensen, Angelo DeMaria and Gus DeMaria.

The victors will meet the Crockett All-Stars next Sunday afternoon at the park, it was announced. Game will be called at 2:30 p. m.

Miss DeVore Watt, Albany High School teacher, who resides at 820 San Carlos Avenue, recently went to Los Angeles where she plans to remain for 10 days.

Daughter of Albany
Couple Sails for China

Bound for Shanghai, Mr. and Mrs. Harold Pease, who terminated a six-week visit in Los Angeles and the Bay Area, sailed on the "President Pierce" last Saturday. The last 10 days were spent with Mrs. Pease's parents, Mr. and Mrs. William A. Moody, at their home, 1109 Evelyn Avenue.

Mr. Pease will go directly to Shanghai, where he is associated with the American consulate, but Mrs. Pease is planning to stop over in Honolulu and spend a month with her sister, Mrs. Eric Knudsen. Mrs. Pease has made her home in China for the past six years and during that time has made three voyages across the ocean to visit her parents, who have been located at their present address for the last 12 years. On their last trip they motored here from New York, stopping en route to see Yellowstone National Park.

Mrs. Moody stated that her daughter felt no fears about returning to China as she and her husband are stationed 500 miles from the actual war zone, and whenever skirmishes occur all the Americans and other foreigners congregate in protected enclosures.

Before sailing, Mrs. Pease promised to return in 1939, at which time she plans to attend the Fair.

New Highway to
Eliminate Traffic

Elimination of the most congested traffic situation in Northern California and of "traffic funnels" is the goal of the East Shore Highway Committee of the California State Chamber of Commerce, it was announced today by Col. E. J. Hardy, president of the Berkeley Chamber of Commerce and member of the East Shore Highway Committee.

Colonel Hardy pointed out that the increase in traffic during the past few years has resulted in a congested condition on East Twelfth street between 14th and 23rd avenues that is unparalleled in Northern California.

Approximately 36,000 cars traverse this artery, which is State Highway Route 17, he stated. These machines are those of business men, trucks, and motor coaches serving East Oakland, Hayward, San Leandro and San Jose.

"The result is that motorists driving from Oakland to Santa Cruz and Los Gatos can make much better time between Santa Cruz and Los Gatos than they can make from Oakland to just south of Milpitas either by Route Five or by way of Alvarado and Irvington," Colonel Hardy pointed out.

"By eliminating this 'traffic funnel' and by eliminating this congested condition, which only can be accomplished through the construction of the East Shore Highway from Oakland to San Jose, communication between Oakland, San Jose, Gilroy, Santa Cruz and Los Gatos will be speeded up."

"Benefits would be felt not only by those cities adjacent to the East Shore Highway, but by cities throughout Northern California whose citizens drive either to San Francisco or Oakland."

The East Shore Highway already is completed between Oakland and Richmond, but stops at Seventh and Cypress Streets, Oakland. Several proposals have been submitted for routing the highway on south to San Jose, but all of them contemplate one purpose—the breaking up of the traffic congestion on East Twelfth street.

Dealer Tells of
Care of Tires

A new ten commandments divided equally into "Do's" and "Don'ts" for tourists to contribute to the joys of carefree motoring this summer, has been devised by The Tirol Company, Goodrich dealer here, after study of the results of road tests conducted by Goodrich tire engineers.

The five "Don'ts" are:

1. Don't keep spare tire unused, but alternate it with tires on the wheels.
2. Don't wait until tires have lost all their tread before getting new ones.
3. Don't scrape curbs when parking.
4. Don't skid to a stop just to show how well the brakes work.
5. Don't allow nails or tacks to remain in tires, even if they do not produce a flat at once.

The five "Do's" are:

1. Check air pressure regularly in all tires.
2. Remove stones, glass and other articles embedded in the tire tread.
3. Have wheels checked regularly to be sure they are in alignment.
4. Remove tires from rims every six months and reverse, so that the side formerly nearest the center of the car is on the outside.
5. Have tires inspected regularly, whether they appear to be worn or not.
